

I acknowledge the traditional owners of the land where I live and work in Sydney's inner west, the Gadigal and Wangal people of the Eora nation, and I pay my respects to elders past, present and emerging.

ARTIST STATEMENT

I use analogue photographic techniques to slow down the creative and viewing processes; this imbues the work with an aura of time, different to 'snapping a pic' digitally. This *slowing down* is part of an ontological approach, using photography to examine the human experience in relation to simple yet profound universal phenomena: the observation of being in space and time.

Rather than being a 'pencil of nature', or an apparatus for the representation of the 'real', photography is considered in terms of the complex effects it has on perception and visibility.

BIOGRAPHY

Luke Parker received a BA (Communications) from the University of Technology in 1996, majoring in film and sound. Since then, his work as an artist has been included in exhibitions at the Art Gallery of New South Wales, the National Gallery of Victoria, Geelong Gallery, Gertrude Contemporary, the Centre for Contemporary Photography, Monash Gallery of Art, Carriageworks, Artspace, the National Art School Gallery, Campbelltown Arts Centre, Murray Art Museum Albury, and Penrith Regional Gallery. He has made works for many artist-run galleries, including for 55 Sydenham Road Marrickville, a project space where he was also a member of the artist board from 2015–18.

In 2003, he received a Skills and Arts Development grant from the Australia Council to undertake a residency at ACME in London. In 2018, he completed a residency at the Cité internationale des arts, Paris, awarded by the Power Institute, The University of Sydney, supported by a Professional Development Grant from the Australia Council. In 2023, he undertook a residency at Desa, Ubud, Bali.
